

PHANTOM SERIES SHOULDER RETRACTOR SYSTEM

TSI

TeDan Surgical Innovations

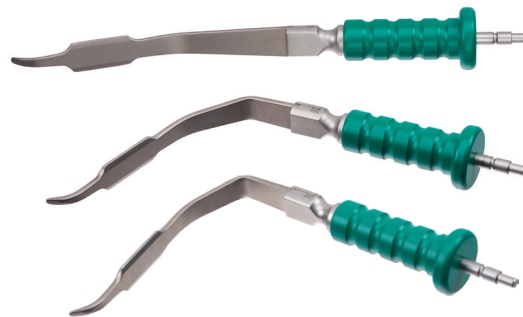

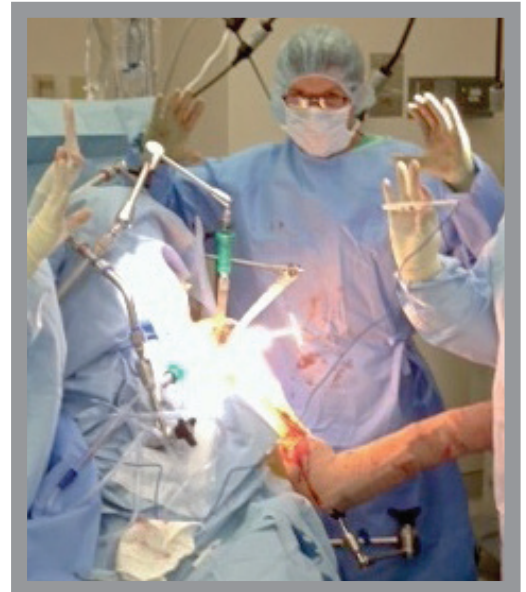

HS-2000

Phantom Shoulder Retractor System

Features

- Hands-free retraction eliminates the need for a surgical assistant, thereby reducing the personnel needed in the OR and minimizing the risk of infection
- Each arm can be moved and positioned independently
- Compatible with standard OR equipment, including OR table and C-arm

HS-0200 - HS-0210

Phantom HS™ Hohmann Retractors, Green

- Hohmann retractors are titanium semi-radiolucent
- Comfort grip handles reduce slippage for a more secure grip
- Offered in 20°, 70° and 90° bends

HS-0315

Phantom Super Fukuda, Purple

- Provides exposure to glenoid surface
- Stainless steel body offers superior strength
- Cutout slot allows the shaft of a reamer to fit

Phantom Shoulder Retractor System

Phantom Shoulder Retractor System offers a straightforward assembly with superior exposure.
